

Testimonial Letter from Donna

April 21, 2004

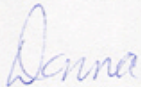

To Whom It May Concern:

We have had our two children, Jenna (3 years) and Katie (1 year) in daycare with Martha Goetze for a year. We have been happy with the level of care they have received while in Martha's care. Generally we receive a note each day identifying what both girls have eaten for meals and snacks and how long they napped.

Jenna is always bringing home some type of craft page (coloring, painting, cutting and/or gluing) that she has made during the day. Katie is excited every morning when we get out of the car to go into Martha's house and is always ready to go to Martha so it is obvious to me that they are happy there.

We are leaving Martha's because we are moving out of town and for no other reason. I am confident that you can trust your children will receive good care and be happy to be in attendance at Martha's daycare.

Sincerely,

A handwritten signature in blue ink that reads "Donna".

Donna
