

## Testimonial Letter from Anna's Parents

Martha (Charlie and Turiya too) -

Thank you so much for all you have done for Anna over the past three years.

As new parents it was hard for us to leave her in someone else's hands but we were quickly reassured that she was more than cared for.

Anna has learned so many wonderful social skills and compassion for others, only to name a few things.

You are certainly meant to do what you do - you do it so well!
